DELIVERING THE SOLUTION

SINCE 1989

We are Monarch Chemicals, one of the largest and most progressive independent chemical distributors and toll manufacturers in the UK.

Chemical Distribution

With multiple site locations across the United Kingdom we provide a fully integrated chemical distribution service connecting the country with chemicals. Through our fleet of purpose built vehicles and fully trained drivers we deliver the chemicals our customers need, when they need them. With over 30 years experience we have a proven track record of optimum efficiency, order accuracy and consistent timely delivery.

Chemical Blending and Manufacture

With complete access to our expansive portfolio of raw materials, our highly skilled team can produce your product formulations with total precision. Whether this is a simple or complex blend we work to your exact specification with confidentiality agreements in place as standard and will deliver your products exactly as you want them - be this small pack, bulk tanker or in bespoke packaging with your branding.

To discuss your requirements for chemicals, whether mixed, formulated or acquired please contact us.
